WELCOME MESSAGE

Dear Colleagues,

Welcome to the MATC 2024 !

It's with great pleasure and anticipation that we extend a hearty welcome to all of you joining us for this transformative event, scheduled to take place in the vibrant city of Mumbai from July 26th to July 28th, 2024.

Under the overarching theme of "Simplifying Complexities," we embark on a journey to unravel the intricate webs of challenges and opportunities within the field. This gathering promises to be a convergence of minds, a space where experts, practitioners, researchers, and innovators come together to explore innovative solutions, share profound insights, and forge collaborative pathways.

Over the course of these three days, we'll delve deep into the heart of complexities that confront various aspects of Complex Trauma. Through keynote presentations, panel discussions, workshops, and interactive sessions, we aim to unravel complexities, decode challenges, and pave the way for transformative breakthroughs.

Mumbai, with its rich tapestry of culture, innovation, and diversity, serves as the perfect backdrop for this dynamic exchange of ideas and expertise. We encourage you to immerse yourself fully in the experience, to engage with fellow participants, and to harness the collective wisdom of this esteemed gathering.

As we embark on this journey together, let us embrace the spirit of collaboration, curiosity, and innovation. May this conference be a catalyst for profound insights, meaningful connections, and impactful change.

Once again, welcome to the MATC 2024 !
Let's simplify complexities, together.
